

UI Layout & Component Spec

1. Overall Layout

- Single-page layout
- Centered content container
- Max width: ~900–1100px
- Generous padding and whitespace

2. Header

- Left: Title (e.g., “Vidyadhar’s App Store”)
- Optional: small subtitle or description
- No admin/auth controls in MVP
- Minimal, no heavy navigation

3. App Grid

- Responsive grid (2–4 columns depending on screen)
- Even spacing between cards
- Scrollable if needed

4. App Card Component

- Rounded corners (large radius)
- Soft background color
- Elements:
 - App image/icon (top or centered)
 - App name (clear, medium weight)
 - Optional short description (small text)
- Entire card is clickable (CTA)

5. Data Source (JSON-based)

- Apps loaded from a local `apps.json` file
- No in-UI editing for MVP
- Structure:
 - name
 - url
 - description (optional)
 - tag (optional)
 - image (optional)

6. Visual Style (Headspace-inspired)

- Soft pastel color palette
- High whitespace usage
- Friendly, simple typography

- Rounded UI elements everywhere
- Minimal borders, use shadows lightly

7. Interaction

- Hover: slight scale or shadow on cards
- Click: open app in new tab
- Smooth, subtle transitions

8. Mobile Behavior

- Single column layout
- Larger tap targets
- Same functionality as desktop

9. Design Tokens

Colors (soft, Headspace-like)

- Primary: #6EE7B7 (soft mint)
- Secondary: #93C5FD (soft blue)
- Accent: #FDE68A (soft yellow)
- Background: #F9FADF (very light gray)
- Card Backgrounds (vary per card): #E0F2FE, #FEF3C7, #DCFCE7
- Text Primary: #111827
- Text Secondary: #6B7280

Spacing (8px scale)

- 4px, 8px, 16px, 24px, 32px
- Page padding: 24–32px
- Grid gap: 16–24px
- Card padding: 16–20px

Typography

- Font: Inter / system sans-serif
- Title (Header): 20–24px, medium/semi-bold
- Card Title: 14–16px, medium
- Description: 12–13px, regular

Border Radius

- Cards: 16–20px
- Buttons: 12–16px

Shadows

- Light shadow for cards:
- 0 4px 12px rgba(0,0,0,0.06)
- Hover state:
- Slightly stronger shadow + subtle scale (1.02)
